Nursing Program Information Packet
A.A.S. Degree

This Information Packet provides the prospective applicant with information about the Nursing Program admission process at MCCC and includes:

Petition for Standard Nursing Program Admission
Standard Point Score Worksheet
Petition for Advanced Standing Nursing Program Admission (LPNs & Transfer Students)
Advanced Standing Point Score Worksheet

The Information Packet is also available on the College’s website at http://www.mc3.edu/academics/divisions/health-sciences/nursing/

Any person is eligible to begin coursework at MCCC toward qualifying for admission to the Nursing Program and A.A.S. degree, however, admission to the Nursing Program is highly competitive and requires the student to meet Special Admission Requirements. Those seeking Standard admission must complete Sequence One Prerequisite courses while those seeking Advanced Standing admission must complete Sequence One and Two courses (see Catalog). Completion of minimum admission requirements does not guarantee admission to the Nursing Program.

**Nursing Information Sessions**

Nursing Information Sessions are the best way to learn about Nursing Program Special Admission Requirements, Sequence One Prerequisite courses, Advanced Standing opportunities, the admission process and the Nursing Program clinical experience.

Nursing Information Sessions are approximately 1.5 hours in length. Arriving on time ensures receipt of all relevant information about MCCC’s Nursing Program and the admission process.

Call to reserve your space at the next Nursing Information session by calling:

CENTRAL CAMPUS – 215-641-6551
WEST CAMPUS – 610-718-1906
NOTE: THE NURSING PROGRAM ADMISSIONS PETITION PROCESS INCLUDES THE COMPLETION AND SUBMISSION OF BOTH THE COVER SHEET AND THE CHECKLIST DOCUMENTS.

♦ MCCC offers interested applicants an Associate in Applied Science degree with a concentration in Nursing. Upon completion of MCCC’s Nursing Program the graduate is qualified to take the National Council Licensing Examination for Registered Nursing (NCLEX-RN) and seek licensure as a Professional Registered Nurse in any state in the nation.

♦ Changes in the curriculum and admission requirements for the Nursing Program may occur between the time the applicant applies to the College and the time of acceptance into the Nursing Program. Applicants must meet any new requirements for the class in which acceptance is offered.

Standard Admission

Please note all students admitted to the College Fall 2016 and beyond, there has been a change in the nursing curriculum (see catalog) All students admitted Fall 2016 and beyond are required to take MAT 106, or a higher math course, and PSY 206. Students who are Pre-nursing majors prior to Fall 2016 will not be required to take these additional courses (MAT 106 and PSY 206). Although not required, these courses are highly recommended and will help with your success in the nursing program, the NCLEX-RN exam, and your ability to transfer to a BSN program.

All students petitioning to the Nursing Program starting January 2017 and beyond MUST complete the TEAS® exam prior to petitioning for admission to the Nursing Program. Please refer to the following link for more information on the TEAS® exam. (You may need to cut and paste the link on your browser.)

♦ The Nursing Program offers acceptance to 40 - 60 applicants plus 10 Wait List Pending Acceptance applicants each semester based on student points and available space. Each semester is 14 weeks in length. The availability of seats in each of the three admission cycles is based on the availability of clinical learning opportunities provided to the College by area hospitals and other clinical sites.

♦ To be considered for Acceptance, all Nursing Program applicants must meet the Program’s Special Admission Requirements and Sequence One Prerequisite courses (MCCC Catalog). The applicant can be enrolled in NUR 106 when submitting the Petition for Standard Nursing Program Admission. All other Sequence One Prerequisite courses (BIO 131, ENG 101, PSY 101).

♦ Effective students admitted to Pre-Nursing Fall 2016 and beyond (BIO 131, ENG 101 and MAT 106) must be completed when submitting the Petition for Standard Nursing Program Admission. NUR 106 is offered every Summer, Fall and Spring semester.

♦ To be eligible to petition to the Nursing program beginning with the Summer 2017 petition cycle which begins in January 2017, students must complete and score a minimum of 55% on the TEAS® admission exam.
Students interested in NUR 106 will need to meet with a nursing advisor and receive permission for registration on their Student Planner, students will then follow the following process:

- When registration opens, students with approval for the course will be able to register
- A wait list of 5 students will be available for each section of NUR 106.
- The wait list will close the first day of class.
- Students on the wait list who do not receive a seat for the semester will need to seek approval for NUR 106 prior to registering for the following semester.

Applicants seeking admission to the Nursing Program are required to submit a completed Petition for Standard Nursing Program Admission during normal business hours to the Central Campus Records and Registration Office. Completed petitions are accepted only during the following time frames.

- **Summer Admission Consideration** – January, First Monday until the following Third Friday
- **Fall Admission Consideration** – May, First Monday until the following Third Friday
- **Spring Admission Consideration** – September, First Tuesday until the following Third Friday

**NOTE:** If the deadline for submission of completed petitions falls on a day that the college is closed, the petition will be accepted no later than 4:00pm on the next business day.

Applicants are strongly advised to meet with an Academic Advisor before submitting the Petition for Standard Nursing Program Admission to verify completion of all Special Admission Requirements and Sequence One Prerequisite courses.

Acceptance to the Nursing Program is highly competitive. Nursing Program admission decisions are made based on a point system and ranking procedure. Points are awarded based on the student’s place of permanent residence, number of required courses completed at MCCC, course grades, TEAS® score and successful completion of courses on the first attempt (see attached Point Score Worksheet). Studies have shown that students who repeat multiple courses are not successful in the nursing program or on the NCLEX-RN exam.

A total point score is used in ranking those applicants submitting a completed Petition for Standard Nursing Program Admission for a specific admission cycle. Applicants with the highest total point score in that admission cycle are ordered from highest to lowest and offered seats in the Nursing Program until all seats are filled. In the event that there are applicants with the same total point score, students who are Veterans will receive priority in compliance with **PA DOE act 46-Higher Education Course Scheduling Preference for Veterans Act**. In all other cases, applicants with the same total point score are ordered by a recalculated GPA from highest to lowest. **NOTE:** The recalculated GPA is determined solely on the grades earned in the completed non-clinical courses required by the Nursing Program’s Sequence of Courses MCCC Catalog. Transfer course grades and CLEP and Excelsior College examination results are included in the calculation. Transfer credit earned without a letter grade (AP, military evaluation, challenge examination) are not included in the recalculated GPA.

All applicants who have filed a completed Petition for Standard Nursing Program Admission will be notified of the decision (Acceptance; Wait List Pending Acceptance; Non-Acceptance) on or before the following dates:

- **Summer Admission** – March 15th
- **Fall Admission** – June 21st
- **Spring Admission** – November 1st
♦ The names of those applicants who receive a **Non-Acceptance** email into the Nursing Program are removed from consideration until the applicant **re-submits** a Petition for Standard Nursing Program Admission.

♦ Each admission cycle, 10 applicants are ranked according to the above procedure and offered a **Wait List Pending Acceptance** email. Applicants who receive such an email are offered acceptance to the Nursing Program only if an accepted applicant declines her/his seat. Receipt of a Wait List Pending Acceptance email **does not** guarantee entrance into another admission cycle nor are applicants carried over to the next admission cycle. Should a seat not be available in the Nursing Program, applicants who have received a Wait List Pending Acceptance email must **re-submit** a Petition for Standard Nursing Program Admission.

♦ All applicants offered an **Acceptance** or a **Wait List Pending Acceptance** email are required to respond to the offer by a required date specified in the Acceptance letter. **Failure to respond by this date results in loss of acceptance or pending acceptance** into the Nursing Program during that admission cycle. Requests to defer acceptance are **not** considered. Accepted applicants who do not accept the offered seat or those who wish to defer admission must **re-submit** a Petition for Standard Nursing Program Admission.

♦ All applicants who receive an **Acceptance** or a **Wait List Pending Acceptance** email and confirm their acceptance or pending acceptance are **required to attend a mandatory Nursing Program Orientation** held by the Director, Nursing Program. This three hour orientation provides information about the Nursing Program and its pre-matriculation requirements. At this session, applicants in receipt of an **Acceptance** letter order uniforms required by the Nursing Program and select a section of NUR 110 for enrollment. **Failure to attend the Nursing Program orientation results in loss of acceptance or pending acceptance** to the Nursing Program during that admission cycle.

♦ **Mandatory Nursing Program Orientations are generally scheduled (Please plan accordingly)**

  - Summer Admission – 1st or 2nd week of March
  - Fall Admission – 2nd or 3rd week of July
  - Spring Admission – 1st or 2nd week of November

**Advanced Standing Admission**

♦ Applicants considered for advanced standing include transfer students, who left collegiate professional nursing programs or diploma nursing programs in **good academic standing**, and LPNs who have been working for at least six months. All advanced standing applicants must submit documents for credit evaluation and determination of placement in the Nursing Program courses (MCCC Catalog). Nursing coursework not part of an LPN program requires both transcript and course syllabi for credit evaluation.

♦ Advanced standing applicants must submit a completed Petition for Advanced Standing Nursing Program Admission, meet all Special Admission Requirements and have successfully completed the equivalent of all Sequences One and Two courses in the Nursing Program curriculum (MCCC Catalog). Advanced standing applicants must also complete the “Exam for Advanced Standing Placement”, located in the testing center. Advanced standing applicants do **NOT** complete the TEAS® exam.

♦ Placement for Advanced Standing applicants is on a space-available basis. The ranking process described above is used in offering acceptance to the Nursing Program.

♦ LPNs applying for Advanced Standing receive credit for NUR 110 after meeting the Nursing Program’s Special Admission Requirements and completing all Sequence One and Two courses. LPNs are eligible to enter the Nursing Program at Sequence Four following successful completion of the Placement Examination for LPNs and completion of all Sequence Three courses. Note: LPNs complete NUR 050 instead of NUR 106.
ADDITIONAL PROGRAM COSTS NOT INCLUDED IN TUITION/FEES

** Please note that many of these items are required prior to entering the clinical component of the nursing program, please budget accordingly.

All FEES ARE ESTIMATES AND SUBJECT TO CHANGE WITHOUT NOTICE

Petition for Standard Nursing Program Admission
PART 2 OF 2 (must be submitted with COVER SHEET)

CHECKLIST: Attainment of Nursing Program Special Admissions Requirements and Completion of Sequence One Prerequisite Courses

The completed Petition for Standard Nursing Program Admission is accepted during normal business hours by the Central Campus Records and Registration Office only during the following time frames:

Summer Admission Consideration – JANUARY first Monday until the following third Friday
Fall Admission Consideration – MAY first Monday until the following third Friday
Spring Admission Consideration – SEPTEMBER first Tuesday until the following third Friday

NOTE: If the deadline for submission of completed petitions falls on a day that the college is closed, the petition will be accepted no later than 4:00pm on the next business day.

CHECK ALL ITEMS COMPLETED:

1. APPLICATION: I have either submitted an application for admission to MCCC identifying NR.GS as my major or submitted a Change of Major form identifying NR.GS as my current major.

2. HIGH SCHOOL TRANSCRIPT: My official, final high school transcript or GED diploma/scores have been received by the Records and Registration Office.

or N/A 3. COLLEGE TRANSCRIPT(S): My official college transcripts from all colleges/universities attended have been received by the Records and Registration Office (if applicable).

4. PLACEMENT EXAMINATIONS:
   A. I have successfully completed MCCC’s Reading Placement Examination, successfully completed all developmental reading requirements (REA 010, REA 014, REA 017, and/or REA 011), or have officially been waived from the Reading Exam based on college level coursework completed or a SAT I or SAT Reasoning – Critical Reading Test score of 500 or higher.

   B. I have successfully completed MCCC’s English Placement Examination, successfully completed all developmental English requirements (ENG 010 and/or ENG 011) or (ESL 003 – 006 and/or ESL 010-011), have officially been waived from the English Exam based on college level coursework completed, or have achieved SAT Writing Test score of 500.

   C. I have successfully completed the Math Placement Examination at MCCC, or have been waived from the exam. I have successfully completed all developmental Math requirements (MAT 010 and/or MAT 011). Or for students admitted to the college in the Fall 2016 and beyond, completed MAT106 or higher at MCCC.

5. ENTRANCE OPTION: I have met one of the SAT/ACT Options or the College Option:
   CIRCLE the requirement (A, B, C or D) that you have met.

   A. SAT minimum combined score of 800
   B. SAT I minimum combined score of 920
   C. SAT Reasoning minimum combined math and critical reading score of 920
   D. ACT combined score of 18
   E. College Option. This option requires:
      (1) the completion of 8 credits (2 courses) of any college level lab science that is either a prerequisite for or part of the Nursing Program (Biology, Chemistry, A&P, Microbiology) with a grade of “B” or better in each course, AND
      (2) the completion of a minimum of 6 general education credits (at least 2 courses) from within the Nursing curriculum, with a recalculated GPA of 2.5 or higher.
6. **SCIENCE REQUIREMENTS:**
   A. I have successfully completed a High School biology course (with lab) or completed MCCC’s BIO 121 – *General Biology I*, or transferred the equivalent course from another college, or successfully completed the CLEP Exam in Biology, with a minimum grade of “C” or higher.

   B. I have successfully completed a High School chemistry course (with lab) or completed MCCC’s CHE 121 – *General Chemistry Inorganic*, or transferred the equivalent course from another college, or successfully completed the CLEP Exam in Chemistry, with a grade of “C” or higher.

7. **SEQUENCE ONE PREREQUISITE COURSES:**
   A. I have successfully completed MCCC’s ENG 101 – *English Composition I* or transferred the equivalent course from another college.

   B. I have successfully completed MCCC’s PSY 101 *Introduction to Psychology* or if I was admitted to the college in the Fall 2016 or beyond, MAT 106 - *Math Applications (or higher Math course)* or transferred the equivalent course from another college.

   C. I have earned a grade of “C” or better in MCCC’s BIO 131 – *Anatomy & Physiology I* or transferred the equivalent course from another college or challenged the course through Excelsior College. This course was completed within five (5) years of petitioning for acceptance into the Nursing Program.

   D. I have successfully completed MCCC’s NUR 106 – *Concepts of Nursing* or am currently enrolled in this course. (Note: NUR 106 is the only Sequence One Prerequisite course in which the applicant may currently be enrolled and still be evaluated for admission). **This course must be completed within five (5) years of starting the clinical courses in the Nursing Program.**

   E. I have completed the TEAS® exam and have scored the minimum score of 55% or higher.

**NON-CLINICAL COURSES:** In addition to attaining the Nursing Program Special Admission Requirements and completing the Nursing Program Sequence One Prerequisite Courses, I have completed the following non-clinical courses required in the Nursing Program’s Sequence of Courses (MCCC Catalog).

List the grade received in all courses that were successfully completed:

- Anatomy & Physiology II (BIO 132)
- English Composition II (ENG 102)
- Introduction to Sociology (SOC 101)
- Math Applications (MAT 106)
- Introduction to Sociology (SOC 101)
- Microbiology and Immunology (BIO 140)
- Core Goal 6 & Core Goal 7 Course (Completed)
- Core Goal 7 Course (Completed: __________)*
- Personality (PSY 136) or Human Development
- Life-Span Approach (PSY 206)

*Satisfactory completion of a Course that meets Core Goal 6 and Core Goal 7 is required.

No Petitions will be accepted after the due date

CHECK ALL ITEMS COMPLETED:

1. APPLICATION: I have either submitted an application for admission to MCCC identifying NR.GS as my major or submitted a Change of Major form identifying NR.GS as my current major.

2. HIGH SCHOOL TRANSCRIPT: My official, final high school transcript or GED diploma/scores have been received by the Records and Registration Office.

3. COLLEGE TRANSCRIPT(S): My official college transcripts from all colleges/universities attended have been received by the Records and Registration Office (if applicable).

4. LPN LICENSE: A copy of my LPN license has been received by the Records and Registration Office (if applicable).

5. PLACEMENT EXAMINATIONS:
   A. I have successfully completed MCCC’s Reading Placement Examination, successfully completed all developmental reading requirements (REA 010, REA 014, REA 017, and/or REA 011), or have officially been waived from the Reading Exam based on college level coursework completed or a SAT I or SAT Reasoning – Critical Reading Test score of 500 or higher.
   B. I have successfully completed MCCC’s English Placement Examination, successfully completed all developmental English requirements (ENG 010 and/or ENG 011) or (ESL 003 – 006 and/or ESL 010-011), have officially been waived from the English Exam based on college level coursework completed, or have achieved SAT Writing Test score of 500.
   C. I have successfully completed the Math Placement Examination at MCCC, or have been waived from the exam. I have successfully completed all developmental Math requirements (MAT 010 and/or MAT 011). Or for students admitted to the college in the Fall 2016 and beyond, completed MAT106 or higher at MCCC.
   D. I have successfully completed MCCC's Advanced Placement Examination for Nursing and placed into either NUR 112 or NUR 211 or signed a waiver requesting placement in NUR 112.

6. ENTRANCE OPTION: I have met one of the SAT/ACT Options or the College Option: CIRCLE the requirement (A, B, C or D) that you have met.
   A. SAT minimum combined score of 800
   B. SAT I minimum combined score of 920
   C. SAT Reasoning minimum combined math and critical reading score of 920
   D. ACT combined score of 18
E. College Option. This option requires:
   (1) the **completion** of 8 credits (2 courses) of any **college level** lab science that is either a prerequisite for or part of the Nursing Program (Biology, Chemistry, A&P, Microbiology) with a grade of “B” or better in each course, AND
   (2) the **completion** of a minimum of 6 general education credits (at least 2 courses) from within the Nursing curriculum, with a recalculated GPA of 2.5 or higher.

7. **SCIENCE REQUIREMENTS:**
   A. I have successfully completed a High School biology course (with lab) or completed MCCC’s BIO 121 – General Biology I, or transferred the equivalent course from another college, or successfully completed the CLEP Exam in Biology, with a minimum grade of “C” or higher.
   B. I have successfully completed a High School chemistry course (with lab) or completed MCCC’s CHE 121 – General Chemistry Inorganic, or transferred the equivalent course from another college, or successfully completed the CLEP Exam in Chemistry, with a grade of “C” or higher.

8. **SEQUENCE ONE PREREQUISITE COURSES:**
   A. I have successfully completed MCCC’s ENG 101 – English Composition I or transferred the equivalent course from another college.
   B. I have successfully completed MCCC’s PSY 101 Introduction to Psychology or if I was admitted to the college in Fall 2016 or beyond, MAT 106 - Math Applications (or higher Math course) or transferred the equivalent course from another college.
   C. I have earned a grade of “C” or better in MCCC’s BIO 131 – Anatomy & Physiology I or transferred the equivalent course from another college or challenged the course through Excelsior College. This course was completed within five (5) years of petitioning for acceptance into the Nursing Program.
   D. I have transferred the equivalent of MCCC’s NUR 106 – Concepts of Nursing course from another college or am an LPN and have successfully completed or currently enrolled in MCCC’s NUR 050 - Nursing Role Transition.

9. **SEQUENCE TWO PREREQUISITE COURSES:**
   A. I have earned a grade of “C” or better in MCCC’s BIO 132 – Anatomy & Physiology II or transferred the equivalent course from another college or challenged the course through Excelsior College. This course was completed within five (5) years of petitioning for acceptance into the Nursing Program.
   B. I have successfully completed MCCC’s ENG 102 – English Composition II or if I am admitted in the Fall 2016 and beyond, I have completed PSY 101- Introduction to Psychology or transferred the equivalent course from another college.

10. **SEQUENCE THREE COURSES (Advanced Placement into NUR 211):**
    A. I have successfully completed MCCC’s SOC 101 Introduction to Sociology, or for students who are admitted to the college in Fall 2016 and beyond, PSY 206 Human Development: A Life-Span Approach or transferred the equivalent course from another college.
    B. I have earned a grade of “C” or better in MCCC’s BIO 140 – Microbiology and Immunology or transferred the equivalent course from another college or challenged the course through Excelsior College. This course was completed within ten (10) years of petitioning for acceptance into the Nursing Program.
NON-CLINICAL COURSES: In addition to attaining the Nursing Program Special Admission Requirements and completing the Nursing Program Sequence One and Two Courses, I have completed the following non-clinical courses required in the Nursing Program’s Sequence of Courses MCCC Catalog.

List the grade received in all courses that were successfully completed.

_______ Personality (PSY 136)

_______ Developmental Psychology (PSY 206)

_______ Core Goal 6 Course: Intellectual Heritage/ Core Goal 7: Aesthetic Sensibility and the Arts (Completed:

*Satisfactory completion of a Combined Core Goal 6 and Core Goal 7 course is required.
